

Spend over £500

We now publish details of **all** council spend, whatever the value, on the minutes of Finance and Management Committee.

Each month (except August) the Finance and Management Committee agree all spend for the council – this may be direct debits for bills etc, BACS payments for salaries, and cheque payments for general activities and purchases. The detailed sheet listing these payments is attached to the approved minutes of the meetings and these can be found here:
