ROSE THEATRE

Managers Report.

The lights above the bar are long over due replacing due to fixings constantly falling out and having to be held in by tape and would be replaced with new fittings and LED lights ive obtained a quote from Stuart our mains testing electrician and its come in at £ 210.00 this includes labour and materials.

Mixing deck

I have been asked to play music throughout the day to make the theatre more welcoming however after being asked we've found out that its not working So ive asked our technical staff Jon to have a look but unfortunately is it beyond repair so ive asked him to get us 3 quotes for this.

Phone line

As some maybe a wear the theatre phone line is not working as it should & is a great concern to myself that we could be losing hirers, or at least enquiries, when phoning the theatre the line goes dead and then takes approx a minute to come back on we also can not receive voice mails and the 2 handsets will not allow you to call out, main stream our provider have been out several times without success this has gone on for roughly 7 months, I am unsure if its to do with the added line being

added in the council building or just a coincidence, this really needs urgent attention and resolving.

Hi Laurie

Please see online options to replace the broken CD player behind the bar. This is a smaller and cheaper solution but will still allow you to play 2CDs/ USB media. This will allow us to play a welcome message/"please take your seats" message to the audience over the background music. The original setup was intended to have this feature, but it was too complicated to use.

Dual CD / MP3 Player with USB - 1U - CD-122

CPC - £323.46 inc VAT [Dual CD / MP3 Player with USB - 1U - Monacor | CPC UK \(farne.ll.com\)](#).

DV247 - £353 inc VAT [Monacor CD-112/BT | DV247](#)

Amazon £549.95 [Monacor CD-122 Dual CD Player : Amazon.co.uk: Musical Instruments & DJ](#)

Gear 4 Music £579 [Monacor CD-122 Dual CD and Media Player at Gear4music](#)

Thanks Jon
