

Cocktails on the Bar.

An additional socket has now been fitted ready for the installation. We are waiting for the taps to be installed which should be week commencing 7th November 2022.

Pantomime

Tickets have sold well for this year's Pantomime – Cinderella. However, we have one full performance that is still free on Tuesday 6th at 1pm. This would normally be taken by a school but the school that usually books this slot is no longer attending the panto. The cast and set is all paid for as part of the contract with Sunshine Productions.

For Consideration

Cllrs are asked to consider advertising this performance to local residential and care homes in Rugeley to see if our older residents would like to attend the show. Cllrs may wish to offer at a reduced or no cost ticket price. In addition, Cllrs may also want to consider offering tickets for this performance to our Ukrainian families that are staying in Rugeley – again either at a low cost or no cost basis.

Leaking Roof

With the recent rains, 2 leaks have appeared in the theatre – one in the Landor Suite by the windows and the other being at the side of the bar above the table storage area.

For Consideration

Cllrs to consider the one quote already received for the work. We are seeking a second quote and this will be forwarded to Cllrs when we have received it.

Quote 1 is to repair the flat roof in the 2 locations - £400.00.

Monitor Screens in Bar area

We are seeking advice on if these should be monitors or TV screens and what work will need to be done to enable them to run.
