

Item 63
CCDC Local Validation

Background

The Town Council have received notice from CCDC that they are updating their local validation list which sets out the validation requirements for planning applications.

Planning Applications

To any planning application there are 3 elements:

Section One – these documents must be submitted in order for the application to be made valid

Section Two – this information is provided to assist in the decision making

Section Three – local validation requirements – these make it easier for applicants to know what documents and information is required for their planning applications.

How to respond

The consultation runs for 6 weeks and will finish on 11th November 2022. Comments can be submitted online via the link: [Local Validation Checklist \(snapsurveys.com\)](https://snapsurveys.com) or responses can be sent to CCDC offices.
