

Item 95

Replacement Speakers in the Theatre

Background

During last year we experienced some problems with one of the speakers in the Rose Theatre. One of the technicians was able to undertake a temporary fix to the speaker which lasted for a couple of months, but problems were experienced again during the pantomime and for the subsequent events. For clarity, we have 2 x speakers, 2 x subwoofers and 2 x monitor speakers. The monitor speakers were replaced recently – the quotes being considered in this report looks at replacement of some or all of the speakers/sub woofers,

Proposal

It is proposed that one of the following options are considered by Cllrs:

		Quote 1	Quote 2	Quote 3
Option 1	Replace single faulty speaker with similar	£703.43 + VAT	£652.50 + VAT	£620.83 + VAT
Option 2	Replaces the two main speakers with matching pair but continue to use the existing subwoofers	£1,397.48 + VAT	£1,473.34 + VAT	£1,341.66 + VAT
Option 3	Replaces the two main speakers and subwoofers with modern slimline system	£2,629.48 + VAT	unable to get quote	£3,056.66 + VAT

For Consideration

Cllrs are asked to consider which, if any of the above options they would like to go with in the theatre.
